ACCESS PLATFORM SERVICE & REPAIR

# APSR Fixed Price Service Plans

**Compliance.**  
**Uptime.**  
**Safety.**  
**Financial Return.**

Keep your powered access platforms safe, compliant and performing at their best with APSR Fixed Price Service Plans.

- ✓ Predictable service costs
- ✓ Nationwide engineer support
- ✓ No hidden extras
- ✓ Full LOLER compliance

# A simple, cost-effective way to keep your machines safe, compliant and maintain their value.

With expert servicing, fixed pricing and proactive maintenance, we minimise downtime and help you get the most from your equipment.

All inspections, services and repairs are carried by our factory trained engineers out to meet your legal obligations under LOLER (1998) and PUWER (1998).

## Our Fixed Service Plans Include as Standard:

- ✓ Two six-monthly LOLER 98 Thorough Examination visits
- ✓ One full annual service of your equipment
- ✓ All consumables included (filters, oils, greases, battery top-ups)
- ✓ Labour, travel, and mileage included - no extra charges
- ✓ Engineers' inspection reports
- ✓ Estimates for any remedial repairs highlighted
- ✓ LOLER certification reports for the contracted period
- ✓ Easy monthly payment options at no additional cost

These checks ensure your equipment is safe, compliant and ready for continued use.

Authorised UK Service Provider For Leading Brands

# Minimise downtime and get the most from your equipment.

All inspections, services and repairs are carried by our factory trained engineers out to meet your legal obligations under LOLER (1998) and PUWER (1998).

**During every inspection, an APSR engineer will:**

- Record and document the condition of your equipment
- Advise immediately if remedial work is required
- Provide same-day repair estimates
- Supply all certification and documentation electronically for easy record-keeping

## More Than Just Servicing

With an APSR service plan, your equipment is professionally maintained throughout the year, helping reduce unexpected breakdowns, extend machine life and keep it operating safely and efficiently on site.

Servicing with APSR also helps protect the long-term value of your equipment, giving confidence that it has been maintained to the correct standards when it comes time to trade in or upgrade.

## Why Choose APSR?

Based at our Middleton facility on the M62 corridor, just outside Manchester, we're ideally placed to support customers quickly across the UK.

Our experienced CAP-qualified engineers work hands-on to keep your equipment moving, with overhead crane capability for larger truck and access platform repairs, plus specialist boom replacements and refurbishments.

Whatever the manufacturer or machine type, we're here to respond quickly, reduce downtime, and help you get the best return from your equipment.

- ✓ Optimal locations for nationwide support
- ✓ Experienced CAP qualified engineers
- ✓ Specialist boom refurbishments
- ✓ Overhead crane capability
- ✓ Fast response time
