

# SX-015 Personal Step

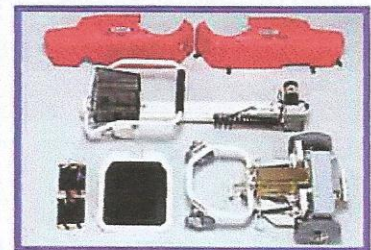

**“The Compact, Safe, Time Saver.”**

**SX-015 can be easily moved for continuous operations at various height and increases operational efficiency.**

## SX-015

- Working Height  
9.8-11.5 ft (3-3.5 m)
- Load Capacity  
220 lbs (100 kg)

## STANDARDS FEATURES

### Easy Operation

A single control lever is utilized for all directional maneuvering. Travel is variable into three speeds automatically-low, medium & high. The lower speed is engaged when elevating the platform for safety.

### Smooth Platform Elevating & Lowering

The platform tower assembly actuates up & down effortlessly, enhancing the positioning of work on any job site.

### Serviceability

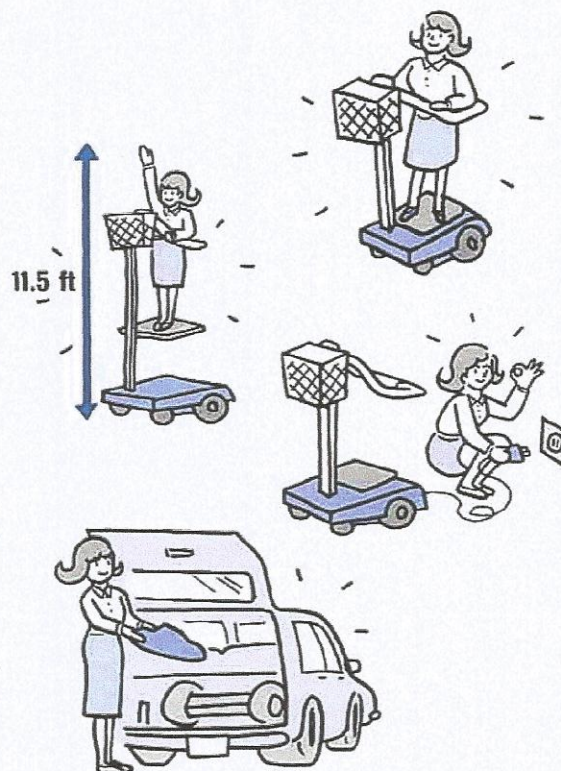

The SX-015 utilizes a maintenance free battery that can be quickly recharged via a standard, household, wall socket.

### Compact Size & Space Age Design

The SX-015 can maneuver in the tightest spaces and travel in elevators that our competitors dream about matching.

### Transportability

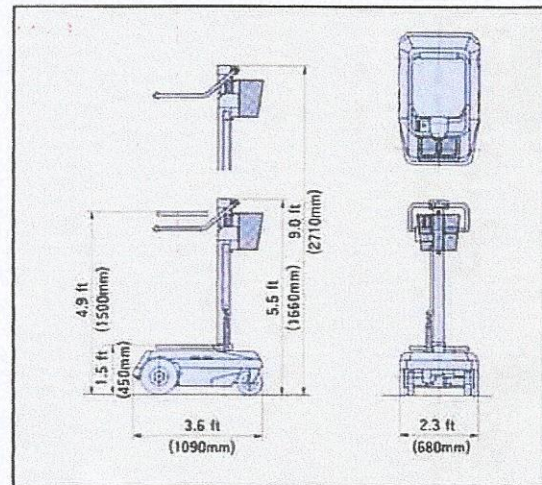

The SX-015 can be fully disassembled into 5 components within 6-8 minutes. It can then be loaded into the trunk of a medium sized car. Try beating that for job site versatility !
