

Lion Lift GS-1811

Attraction Liftarm	Folding arm with telescopic
Maximum working height (m)	17.9
Maximum height of the basket bottom (m)	15.9
Max outreach (m)	11
Working height at max overhang	9.0
Load the basket at the maximum outreach	80
Extension in basket	x
Maximum load of the basket (kg)	200
Transport height normal (m)	2.13
Transport height with disassembled railing (m)	x
Transport length (m)	4.74
Transport width (m)	0,89- 1,4
Width of work (m)	4.40
Vehicle Weight (kg)	2800
Propellant	Bi-Energy (diesel / direct current)
Power in basket	(Empty)
Size of the basket (L * W)	1.38 0.73 *

Comment: Comment: Self-propelled lift that can be made very narrow transport width. Suitable for narrow driveways and work on inclined surfaces. Good overhang sideways and up and over reach. The lift is run on either diesel or direct current. Each track is gray non- marking.

Work Chart Galaxy 18-11
