

TECHNICAL SUPPORT ENGINEER

DEPOT BASED

We are seeking an experienced access engineer to become our new Technical Support Engineer. This is a new role in our business working closely with our Technical Director and Service Manager to provide our customers with technical support both over the phone and in-person carrying out site repairs.

This role is based at our Upton, Huntingdon premises but travel will be required to carry out machine repairs on-site when necessary.

Previous experience of working on access equipment is essential.

The successful candidate will receive full manufacturer training on a range of access equipment.

Full driving license required.

Salary will be dependent upon experience and qualifications.

THE ROLE:

- Based at Huntingdon
- Travel required to site as necessary
- Monday - Friday
7:30am to 5:00pm
- Use of company van

THE CANDIDATE:

- Experience of working on access equipment is essential
- Full driving licence required
